

TCIA ACCREDITATION

“The Tree Care Industry Association (TCIA) is the trade association of more than 2,000 commercial tree care firms and affiliated companies. TCIA develops safety and education programs, standards of tree care practice, and management information for arboriculture firms around the world. Through TCIA's Accreditation Program, consumers can be assured of hiring a professional, ethical tree care company that has been inspected by TCIA for proper business practices, professional employees, quality service and customer satisfaction”.(1)

You can read more about TCIA Accreditation at this link :

Mead Tree & Turf Care was the first tree care company in Maryland to receive TCIA Accreditation, initially in 2005, and again at our 3 year review in 2008. The accreditation process has helped our company strive for the highest standards of customer service and safety, and we look forward to providing our customers with the best tree care possible.
